Re: FOIA No. 2012-305

Dear Mr. Whitt, Ms. Sridhar, and Mr. Johnston:

On May 3, 2012, Michael Morisy on behalf of MuckRock.com filed the attached Freedom of Information Act ("FOIA") request with the Commission. In his FOIA request, Mr. Morisy initially sought copies of "emails, letters faxes, and other written electronic or print communications between Google Inc., its representatives (including legal counsel and outside public relations firms) and the FCC regarding the FCC's Street View investigation." Please note, however, that as the result of a telephone conversation on May 8, 2012, with the undersigned, Mr. Morisy modified and narrowed the scope of his FOIA request. He is now seeking only substantive e-mails, letters, faxes, and other written or print communications from Google Inc. and its representatives (including legal counsel and outside public relations firms) to the FCC regarding the FCC's Street View investigation.

Section 0.461(d)(3) of the Commission's Rules provides that if a FOIA request seeks records that may contain commercially sensitive information submitted to the Commission by a third party, and the records are not open to routine public inspection, the FOIA request must be provided to the third party for comment. Google is hereby provided with a copy of the instant FOIA request. If Google has any objection to release of the requested documents, it shall submit a detailed written statement within **ten calendar days** of the date of this letter specifying all grounds for withholding any portion of the information requested. Google shall serve a copy of its response on Mr. Morisy, who shall then have ten calendar days within which to submit a written reply. Mr. Morisy shall serve any such reply on Google.

Google and Mr. Morisy shall direct their responses to Gary Schonman, Special Counsel, Investigations and Hearings Division, Enforcement Bureau, Federal Communications Commission, 445 12th Street, S.W., Room 4-C330, Washington, DC, 20554 and shall also transmit a copy of the response via email to gary.schonman@fcc.gov.
